your business.

Everything  
you need.

Make it  
your own.

Remarkably small.  
Impressively  
equipped.

Motorola CLS Series™ On-Site Two-Way Radios  
for Business Critical Communication.

**Education** Maintaining order and ensuring student safety are priorities for any school. Whether monitoring assemblies, sporting events, or cafeteria time, the CLS Series helps keep things running smoothly. It's also an effective way to increase maintenance staff productivity, direct bus activities and bolster school security.

**Retail** Raise the level of customer service by enabling employees to communicate instantly. With the CLS Series, all retail activities, from restocking to security are enhanced. Cashiers can perform price checks at a moments notice. Managers have a constant eye on customer flow and inventory. And security is always alert and ready for any potential in-store problems.

**Restaurant** The restaurant business is as fast-paced as they come, and quality service is a key ingredient for success. The CLS Series enhances efficiency by allowing hosts, managers, kitchen and wait staff to instantly connect, minimizing wait times, getting food out quicker and controlling the pace of large parties. It all adds up to more table turns with greater satisfaction.

**Hospitality** The CLS Series makes everything from arrival to departure seamless. Coordinate restaurant and hotel staff, event planners, security, cleaning and maintenance personnel though efficient, uninterrupted communication with minimal guest interference. Security is also enhanced, allowing for immediate response to emergencies or suspicious situations.

Connect your team easily with the CLS Series™ — the smallest, lightest wearable on-site communication solution.

## Competitive edge.

In today's competitive environment, maximizing productivity is critical to being successful. That's why employees must be connected easily and affordably!

To provide businesses with that competitive edge, Motorola has developed an easy-to-use, affordable wireless solution — CLS Series™ On-Site Business Two-Way Radios. Helping businesses offer superior customer service, CLS Series radios deliver the versatility of expanded communications by enhancing safety and security, improving response time and maximizing productivity.

## Enhance your productivity.

Designed with business productivity in mind, CLS Series radios and headsets provide a communications solution that is not only smart, simple and reliable, but also able to withstand the daily rigors of the workplace.

**Lightweight Durability.** Weighing just ounces, CLS Series radio handsets are designed to be comfortable to wear, yet durable enough to withstand everyday use.

**Business Exclusive Frequencies.** CLS Series radios operate on 56 different business exclusive frequencies and feature 121 codes, which means you can rely on getting a clear signal (FCC License is required for use).

**Dependable coverage.\*** One watt of power provides coverage of up to 200,000 sq. ft. or 15 floors.

**Advanced Voice Activation (VOX).\*\*** Enjoy the convenience of hands-free operation when used with optional accessories.

**Long Lasting Battery Life.** A rechargeable Lithium Ion battery provides up to 12 hours of use, more than enough for a standard work shift.

**Convenient Charging.** An easy-to-use drop-in charger keeps radios charged, ready — and centrally located.

**Keypad Lock.** Helps prevent settings from being accidentally changed, limiting unnecessary downtime.

**Call Tones.** 3 selectable call tones alert users of incoming transmissions.

**Fast Settings Transfer.** CLS Series radios are cloning capable with the use of a multi-unit charger accessory, which allows you to quickly copy settings from radio to radio.

## Excellence in Design; Real World Benefits

### Enhance Security

With security and safety such a major concern, your team will be able to coordinate quickly and respond to disturbances, accidents or emergencies.

### Reduce Costs

Helps utilize resources more efficiently and productively, so you can get the most out of employees. And, there are no monthly fees or service contracts to worry about.

### Simplify Daily Tasks

With little to no training required, CLS radios are remarkably simple to use making them ideal for high employee turnover industries. Helping to eliminate wasted time and inefficient processes is simple with the 1-to-1, group or external communications provided at the touch of a button.

### Heighten Service

By enabling instant communication between employees, customer needs are better and more quickly served.
