Real-time communications can improve safety, elevate service and increase overall efficiency.

Motorola Solutions recognizes the challenges you face with rapidly escalating costs that results in tighter budgets. Motorola two-way radios are the answer, allowing your team to accomplish the same, with less.

All Motorola business models enable clearer communication and easier usage, to the uninterrupted performance on the job. Plus, Motorola offers ergonomic design, crisp audio quality, long-lasting battery life and are all narrowband compliant.

CLP SERIES RADIOS: The CLP's small, unobtrusive design packs a big punch in a lightweight, palm-sized package and offers the most reliable communications in even the noisiest of environments. The CLP1060 six-channel radios are Bluetooth™ capable. The CLP single- and four-channel models feature wired headphones. All CLP Radios bring a choice of 90 UHF business-exclusive frequencies. They are easily operable and come standard with push-to-talk functionality and an extended battery life. These radios meet military standards for shock, vibration, temperature and antimicrobial protection.

CLS SERIES RADIOS: Rely on impressive coverage capability in this compact radio. It operates on 56 business-exclusive frequencies and includes a coverage range of up to 200,000 square feet, or the equivalent of 15 floors, with the choice of either single- or four-channel models. Intuitive and user friendly, the CLS streamlined design is fronted by a crystal-clear LCD display. The CLS (Clear, Light, Simple) Series meets military standards for shock, vibration, temperature and antimicrobial protection.

DLR SERIES RADIOS: The lightweight, sleek Motorola DLR Radio provides a simple but powerful collaboration tool and allows the flexibility to configure the radios to meet your procedural needs and optimize staff experience. The license-free DLR features multiple call options which can enhance communications between team members, as well as frequency hopping technology for increased security. Talk Permit Tone lets users know when the channel is free for them to talk, therefore promoting orderly communications. Voice prompts allow easy navigation of menus, channels, battery status and more. The Home Channel feature automatically returns users to their primary channel when a conversation is over.

RM SERIES RADIOS: Empowering your workforce with a reliable, long-lasting audio solution is the hallmark of the RM Series. Capable of customizing channels per radio via voice alias, the RM has a coverage range of up to 250,000 square feet (20 floors) and can operate on either four or eight channels, across each UHF, VHF and MURS frequency. Count on up to 12-hour battery life without the Battery Save feature and up to 15-hour battery life with the Battery Save feature. The RM Series radios meet military standards for shock, vibration, water, dust, temperature and antimicrobial protection and provides NOAA weather alerts.

RD SERIES RADIOS: Introduce your workers to the perfect business partner that will make any workplace environment more productive for them and more profitable for you. Not even the harshest job-site conditions stop the affordable, easy to use RD on-site business radio. Enhanced wattage extends coverage to up to 30 floors/350,000 square feet (4/5 watt radio models). Its outstanding industrial design features a heavy-duty metal body that meets military standards for shock, vibration, water, dust and temperature, and protects its premium performance: exceptional audio quality, easy programming of frequencies and radio settings, advanced voice activation, flexible battery life solutions, and easy cloning.

DTR SERIES RADIOS: Give team members several options for public group calling through a digital one-to-many feature on the DTR that can accommodate up to 25 groups, from 50 public IDs. Digital one-to-one calling allows you to call and talk privately with a specific user's radio. A private-call recipient can receive an alert – either an audible or vibrating signal. And the recipient's unit displays the caller's ID. The DTR meets military standards for shock, vibration, water, dust and temperature, and can cover 30 floors/350,000 square feet (DTR550 model) – a wise choice for busy working conditions.

4. No cash will be provided. No extended delivery dates are allowed under these offers. All transactions are subject to validation.

5. Promotion is valid only in the U.S. and Puerto Rico and is void where prohibited, taxed or restricted by law.

6. To receive the multi-charger & prepaid card after each purchase of six (6) qualifying CLS, CLP, RM, RD, DLR and DTR Series Radios (limited to a maximum of 10 total redemptions), End-User must completely fill out the online submission form available at www.myradioreward.com and supply all requested documentation. All claims must be entered by 11:59pm EST on Monday, January 15, 2018.

7. Products cannot be mailed to a PO Box. For promotion questions, please call 1-800-699-2512 or email myradioreward@360incentives.com. Please allow 4-6 weeks from receipt of your submission to receive your product(s).

8. This promotion may not be combined with any other promotional offers, rebates, coupons or discounts. This promotion is not transferable. Any requests that do not comply with the terms of this promotion will be rejected. This promotion is subject to all local laws and regulations.

9. Motorola is not responsible for lost, late, mutilated, misdirected or postage due mail and shall not be responsible for any shipping or invoice delays. Motorola and its agents have the right to audit, validate or verify any purchases claimed and serial numbers submitted. Eligible Radios purchased and subsequently returned for refund are not eligible for the promotion. Duplicate requests will not be considered.

10. Fraudulent submissions could result in prosecution. The submission of false, incorrect, misleading or fraudulent information or documentation may result in disqualification from this promotion and from future Motorola promotions.

11. Motorola reserves the right to modify, withdraw or cancel this promotion at any time, with or without any prior notice. Please make a copy of all materials submitted.

12. This offer is subject to product availability.

13. Prepaid Card: To use your card on a purchase greater than the available balance, notify the cashier that you want to split the transaction and tell the cashier the balance on your card. Then, provide another form of payment for the remaining difference. Note that some merchants may not support split transactions. Fuel Stations: To purchase fuel, pay inside the station.

14. Prepaid Card: You cannot use this card at an ATM: Pay close attention to the expiration date printed on the front of the card. The card is valid through the last day of the month shown on the front of the card. You will not have access to the funds after expiration. Allow 4-6 weeks to receive your prepaid card via postal mail. Your Prepaid card is in US currency.

15. The reseller cannot claim the rebate(s) on behalf of the user.

16. Prepaid cards are based on the minimum purchase of 6 radios per series: 6 CLS Series Radios is \$55, 6 CLP Series Radios is \$55, 6 RM Series Radios is \$85, 6 RD Series Radios is \$115, 6 DLR Series Radios is \$85, 6 DTR Series Radios is \$175 (up to maximum of 60 radios).

Note: The multi-unit charger and the prepaid card will arrive separately via postal mail.
