

TH2 and TH4 Instructions

Using your Headset

1. TH2- Position headset in ear and adjust boom mic in front of mouth.
2. TH4- Clip elastic throat mic around neck ensuring the throat sensors are positioned on the front on either side of voice box and place the acoustic ear tube into ear.
3. Using either the velcro adhesive or clip position the tactical PTT on desired location on body.
4. Once the headset is comfortably placed in the ear, adjust the volume to a desired listening level.
5. To transmit, press the tactical PTT button.

TH2

TH4

Use and Care

1. Occasionally clean your headsets to extend the life. Use a soft damp cloth to clean the ear piece and cords. Do not use alcohol it can damage the plastic and make the cords brittle.
2. Take care of the cords- do not stretch or swing them. Avoid tightly coiling the cord around the radio when storing- this can cause breakage.
3. Do not immerse the headset in water. If the headset gets wet, dry it with a lint-free cloth.
4. Store your headset in a clean, dry place when not in use.
