## Loud and Clear, Yet Tough as Nails

### Motorola Talkabout® T5000 Two-Way Radio Series

One of the rugged “Value Series” of up to 5-mile range,\* two-way radio models designed specifically for active families. Combining General Mobile Radio Service (GMRS) technology with Motorola engineering, this radio is ideal for active outdoor communications.

### Functional New Design

The Talkabout® T5000 is designed for great looks, as well as solid, functional, weather-resistant operations. The sleek rugged housing protects the radio whether it’s being used on the playground, in the neighborhood or at the mall.

### Full-Featured Privacy

The Talkabout® T5000 has full 22-frequency capacity, but it also has 38 private codes to reduce interruptions. With the Motorola QT functionality, the radios can be set so they can

only talk to other compatible Motorola units, adding yet another level of distinction from other users.

### Accessories for Operations

This model features an accessory connector, permitting use of a headset for easy hands-free operation.

### Power to Spare

These radios are sold in pairs—just charge up the built-in NiCd power source or drop in three AA batteries and you’re ready to start talking.

### Pricing

Manufacturer’s Suggested Retail Price is \$49.99 (AA) and \$59.99 (NiCd) per pair.
