Vol. 2 Issue 9 The Official Newsletter of Buy Two Way Radios - November 2023

Introducing the Wouxun KG-Q10G GMRS Radio!

Earlier this year, Wouxun released the KG-Q10H quad band portable handheld radio to the market. Now, we are excited to announce a new addition to the Q10 Series, and this one is built for the GMRS! Like the amateur version, the new Wouxun KG-Q10G is packed with a lot of advanced functionality and premium features. Although it transmits only on the GMRS to comply with FCC rules, it can receive on multiple bands, and it does make the most of it. **Read More**

What is Reverse Frequency?

Many handheld radios include a feature called *Reverse Frequency*. It's typically found on business, amateur and some professional grade GMRS radios that support split frequencies for transmit and receive to allow two way communications with repeaters. But what is it? What does it do? Why, if ever, would you need it? **Read More**

The Kenwood ProTalk PKT-23 is a little radio with big benefits

There are a number of benefits to choosing the PKT-23 over other Kenwood radios for business communications. Obviously, the biggest benefit is its size. It's about the size of a credit card and can fit in your pocket. This makes it an ideal choice for hospitality centers, retailers, and restaurants and is a logical alternative to other compact, light duty radios such as the Motorola CLS1110, CLS1410 and CLP Series radios, such as the CLP1010e and CLP1080e. However, don't let the small size fool you. This radio is definitely not a toy. **Read More**

Spare parts for TYT MD-380 and MD-UV380 radios

The TYT MD-380 is one of the most popular DMR radios on the market and one of our best selling digital handheld models at Buy Two Way Radios. Considering this, we are not at all surprised to receive inquiries about replacement parts for it. As an authorized TYT dealer for the

US, Buy Two Way Radios now carries a selection of spare parts for the TYT MD-380 and MD-UV380 Plus two way radios.: **Read More**

Mixing intrinsically safe radios with regular radios

If your entire fleet consists of only two way radios manufactured as intrinsically safe, no worries. You're covered whether they are used in hazardous situations or in regular, safe environments. However, if you have both types of radios together in your fleet, is this a good idea? Should you mix intrinsically safe radios with radios that are not intrinsically safe? **Read More**

Midland BizTalk BR200 Default Frequencies

Midland is well known and respected for its line of FRS, GMRS, CB and emergency weather radios. The company recently expanded into the business communications market as well, with the introduction of its first portable handheld onsite business two way radio, the Midland BizTalk BR200. Here is a list of Midland BizTalk channel numbers with the default frequencies and privacy codes assigned to them out of the box. **Read More**

How to program the Wouxun KG-UV9D directly from the radio

The Wouxun KG-UV9D is a multi-band portable handheld two way radio with Wouxun's iconic color LCD display, full DTMF keypad, and a lot of nice features, all at a great price. Such a powerful transceiver requires a bit of programming to utilize its options, and for the first time user, it can be intimidating. Looks can be deceiving, because it isn't as difficult as it seems. It's not that difficult at all, once you know how it's done. **Read More**

Podcast - The Wouxun KG-Q10G GMRS Radio With GPS | TWRS-183
